Water

The Village of Livonia was informed by the Water Department that there has been an 18% increase in water usage recently. This Activity Worksheet is attached.

Mayor Lathan discussed with the Board Members recent work done by the Village DPW. While digging on Spring Street the men found 3 different old water pipe materials in a 20 foot span. All of the pipes were 18" and were replaced with one 24" plastic pipe. On High Street a new 12" pipe was installed running water toward Main Street to help alleviate the flooding issues that have occurred on Spring Street. Work is continuing at Community Park to improve the appearance. Dennis Palmer met with National Grid to discuss tree removal. National Grid will be playing a big part in removing trees that are problematic. Trustee Ralph Parker questioned where things stand to control water that entered his basement last year.

M/2/C (B. Kurtz, B. Leader) to adjourn the Village Board Meeting at 7:25 pm.
Passed 4 – 0.

Respectfully Submitted,

Jo Ann Weber
